**Dividends paid or payable are not in any way a forecast or projection of the future or likely performance of the Sub-Fund or dividend payments. The making of such payment should not be taken to imply that future dividend payments will be made. Dividend may be paid from capital of the Sub-Fund. Investors should note that where the payment of dividends are paid out of capital, this represents and amounts to a return or withdrawal of part of the amount you originally invested or capital gains attributable to that and may result in an immediate decrease in the value of units.*
